# HOUSE OF REPRESENTATIVES.

TUESDAY, May 30, 1911.

The House met at 12 o'clock noon.

Kenyon Kern Lorimer

The Chaplain, Rev. Henry N. Couden, D. D., offered the

following prayer:

Crane Cullom

God of the ages, our fathers' God and our God, we bless Thy holy name for the spirit of seventy-six, which moved our forefathers and our foremothers to deeds of heroism and glory, which gave to us the precious heritage, a Government of the people, by the people, for the people; and for the spirit of sixty-one which moved their sons and daughters to deeds of heroism and glory, which saved that Government from destruction. And grant, O most merciful Father, as these sacred Memorial Days recur, North and South, that the tears of the blue and the gray may mingle together over the graves of their precious dead; that if there were feelings of bitterness, animosity, hatred, they may be buried so deep that they never again can be resurrected; that Old Glory may float on in triumph, yet in peace, over a united country; one flag, one land, one heart, one hand, and one Nation evermore; and glory and honor be Thine forever. Amen.

## PETITIONS AND MEMORIALS.

The VICE PRESIDENT presented a concurrent resolution adopted by the Legislature of the Territory of Hawaii relative to the modification of the boundaries of the proposed Kilauea National Park in that Territory, which was referred to the Committee on Pacific Islands and Porto Rico and ordered to be printed in the RECORD, as follows:

Concurrent resolution.

Concurrent resolution.

Whereas a bill has been introduced into the Congress of the United States to authorize the establishing of a national park in the region of the active crater of Kilauea, in the island and county of Hawaii, of this Territory, to the end that the scenie wonders and volcanic phenomena of that region may be henceforth maintained as a public reservation for the benefit of all people and the enabling of scientific research of volcanic phenomena; and

Whereas in the message of the governor of the Territory to the present session of the legislature an expression of opinion by the legislature is suggested upon this important subject; and

Whereas it is further considered by the property owners and lease-holders that will be affected by the creation of this proposed park, as well as by the public at large, a laudable and praiseworthy purpose; and

well as b

well as by the public at large, a laudable and praiseworthy purpose; and

Whereas it appears that the only opposition to the project is due to the boundaries of the park as in said bill described, which, it is claimed by the parties affected, are of greater magnitude than necessary for the object sought and unnecessarily take in large tracts of timber and grazing lands not essential to the creation of a "voicano park"; and

Whereas in order to allay any and all opposition to the general plan for a national park at Kilauea it is desirable to modify the boundaries defined in the bill introduced into the Congress of the United States for the creation of said park on lines that will retain within the boundaries of the proposed national park the whole of the crater of Kilauea and of Kilauea-iki and other voicanic phenomena in the vicinity, together with a right of way from said park lines to the crater of Mokuaweoweo, on the summit of Mauna Loa: Therefore be it

Resolved by the House of Representatives of the Territory of Hawaii (the Senate concurring). That the Congress of the United States be, and is hereby, petitioned and requested to create the said park on the lines or boundaries indicated on the memorandum and on the map attached, modifying, as shown thereon, the excessive area provided for in the original plan, it being evident that all opposition to the project will be then dissipated, and that the interests of all concerned, both public and private, will be the better subserved; and be it further

Resolved, That the superintendent of public works be instructed to immediately provide a technical description of the boundaries referred to in this resolution, as modifying the lines originally laid out, in order that the same may go forward with this resolution to Congress for its consideration and action; be it further

Resolved, That a copy of this resolution, with said technical description, be transmitted to the President of the Senate and the Speaker of the House of Representatives of the United States Cong
